- 2. Increased salvations and baptisms**
- 3. Church members encouraged and mobilized for evangelism**
- 4. Church members experience divine appointments**
- 5. Church Planters provided Free evangelism materials**
- 6. Salvation opportunities and church connection cards in every home**

Saturate USA provides churches Free local community **maps** to plan and execute simple 'prayer walks' as 'door-to-door' outreaches, but most importantly, provides **Free Gospel gift packs** to give to each neighbor home. Churches include their own church connection cards.

Please view the 2 minute intro video at SaturateUSA.org, which quickly explains it.

Every Gospel gift pack includes:

1. A Jesus Film DVD with 3 movies (in 8 languages) with a QR code for free online streaming
2. A 14-page Gospel booklet which includes the 4 Spiritual Laws
3. A door hanger bag that holds the gifts and each church's invitation

Thousands of local churches are Prayer Walking their neighborhoods, taking Gospel gifts and church invitations door to door. They report hundreds of thousands of divine appointments and thousand upon thousands of salvations, new church attenders and changed lives.

The Gospel gift packs, the maps and the shipping are valued at \$5 per home and are shipped to you free. There is no catch. A zip code of 5,000 homes has \$25,000 worth of free Gospel gift.

If 100 AMS's find 12 churches (on average), then 1200 churches will find about 25 members on average to participate. This will send 30,000 laborers into God's harvest field, reaching on average 100 neighbor homes each, or 3 Million homes where 5 to 6 Million people who need Jesus live.

Going Door to Door Still Works

As you plan to distribute gospel bags during your Gospel to Every Home initiative, organization and logistics are important. It is helpful to have a strategy session prior to going out. This works best on a different day than the day of distribution. Here are several points for consideration.

- 1) Leaders of groups should visit their designated areas before the teams go out to estimate homes and which team will go where. Maps should be prepared accordingly.
- 2) Everyone going out on the designated day should meet to coordinate where the groups will go. Everyone should have a map of the entire targeted area marked clearly by groups and teams. Not everyone is a map person, so find one who will be responsible for the team. Coordination is important so that the same homes do not receive multiple visits.
- 3) *This is a good time to review prayer walking as a critical part of the initiative.*
- 4) Each person in a team of 4 or 5 should have a bag or backpack to carry the resource bundles. We usually start everyone with 50-100. If you saturate in a rural area, that number could easily change. Do not forget water and a list of cellphone numbers of the team leaders who go out on the same day.
- 5) *Adapt expectations according to each individual's limitations for walking, dealing with heat, etc.*
- 6) Two leaders need to be familiar with the maps and how they are marked for which teams. It helps for each team to have a clipboard with the map of their particular area. Streets should be marked as the team completes each block or road. If two teams eventually meet, it should be quickly clarified which side of the street each team will stop.
- 7) Depending on what type of neighborhood you are in, make sure you do not miss an apartment on the side or back of buildings. Look for mailboxes or electric meters.
- 8) Remember the object is to get to every home. It is wise to carry extra gospel tracts or gospel resources for people you may encounter on the sidewalk or out in the community. Teams may only have enough bags for homes in their area. Therefore, it is best to reserve bags for homes.
